WHAT MAKES REVERIE HACKS SPEICAL?

- Every person has atleast once in their life found a brilliant thought amongst their daydreamt. This idea "Reverie" is the very essence of our hackathon, ReverieHacks.

- Our goal is to introduce 6 diverse tracks that fully highlight the exceptional qualities and talents of our students.

- By doing so, we hope to create an environment that helps foster these reveries of students and allow them to win prizes along their way.
